If you have any questions, please contact the L1000 Program Officer.

To whom it may concern,

The reason I am requesting a petition for my scholarship is because of military orders. My military orders state that I must leave on January 3rd and my estimated arrival will be until May 2017. I will not be returning to school until next fall.

Leaving for military training at this time was not my choice but I believe that while being in training it will help me become more focused and more mature, giving me a better sense of what I would like to achieve once I return back to school. The military pushes their service members to further their education so I believe that while in training they will teach me things that I may or may not learn in a college environment. While in training I am hoping that it will give me a better understating of the field I wish to major in.

Also, I have attached a 4-year that I was required to complete for ROTC (Reserved Officer Training Corps). It was approved by an engineering academic advisor.

Sincerely,
